AROUND the TOWNSHIP

A word of encouragement to the trustees now will save hundreds in disgruntledness when it is too late.

If a majority of the patrons of the Niles School District believe it is unwise to build the new \$178,000 building on the present site, now is the time to tell the trustees so.

If they believe an investment of this size should be made in a more adequately commodious location, now is the time to tell the trustees so.

If they believe a larger site is necessary to properly set off the new structure and to furnish room for landscaping, playgrounds and additional facilities that will be required in the next few years, now is the time to tell the trustees so.

One of the most "doubled-up" affairs we have heard of recently was the wedding anniversary of Mr. and Mrs. Fred Kirkwood who occupy one of the Champion cottages on Second street.

It was their first anniversary, on July 28. They are both twins and one of the other twins, Claudie Riddle, brother of Mrs. Kirkwood, was present, as was her sister and husband, Mr. and Mrs. Harrison Brewer of Hayward who were married last July in Hayward at a double wedding for the Kirkwoods and the Brewers.

Besides that, the celebration was for birthday anniversaries of Mr. and Mrs. Kirkwood who were both born in July.

The Kirkwood and the Riddle twins came to California a little more than a year ago from Oklahoma. The wedding-birthday-twin-double-wedding celebration took place at Half Moon Bay.

Rural mail box clean up time is here. And, if our mail box isn't up to snuff, we are urged to get busy to put it in shape. It's a matter of pride and we are glad to do it.

However, a word of caution. Let's don't make the same mistake they made down San Jose way. PWA workers with lots of paint on hands, made the rounds and fixed up all the rural mail boxes with a nice, new coat.

But, the paint was yellow—and now the job has to be done over again, making two jobs where only one was before.

Regulations recommend that all boxes be painted white. It is required that all supports, such as posts, be painted white and that the name of the patron be inscribed on the box in neat, black letters of one inch in height.

Eavesdroppers seldom hear anything pleasant about themselves. In this case that was overheard was not particularly pleasant, but it was complimentary.

Deputy Sheriff Henry Vervais happened to be cruising around the railroad yards as he has a habit of doing when he heard a conversation going on inside one of the box cars.

"Don't get off here, there's a tough cop at Niles," he heard. Vervais was suddenly noticed and the speaker obviously embarrassed.

"Where are you going?" Vervais asked.

"Stockton," was the answer. "Well, you'd better keep going," the deputy advised the traveler.

"That's what I heard," replied the traveler, who seemed to be relieved that he was permitted to "keep going."

DECOTO—Frank B. Hartmann, superintendent of the Masonic Home at Decoto, was operated on for appendicitis at the Merritt Hospital last week and is reported recovering satisfactorily.

Township Entries In Pleasanton Fete Topped By Institute

NILES—Ranking first in the entries from Washington Township at the Fiesta del Vino at Pleasanton last week end was the float entered by the DeGuadalupe Institute of Y. L. I., the same entry that won first prize for the institute at the recent convention at Santa Cruz.

The float was occupied by Mildred Brown, Cecilia and Mary Janeiro, Mary Nunes, Madeline Santos and Marian Zwissig.

The Newark Junior Chamber of Commerce was represented by a decorated automobile with officers of the organization riding in it and a clown band, led by Joe Machado.

The Newark Sportsmen's Club entered Chris Mikkelsen's car with the skin of a mountain lion on the hood; George Oliveria's truck depicted a camp with Henry Marshall and Frank Overacker aboard; Frank DeSalles' car towed a speed boat with Melvin Vargas as the driver.

The Mission San Jose drill team was in the line of march and the Centerville Lions Club and Swiss Club of Washington Township were represented.

SMALL BLAZE FILLS STORES WITH SMOKE

BLACK WIDOW BITE SENDS ITINERANT TO HOSPITAL BED

NEWARK—William Laird, 63, itinerant, was taken to the Fairmont Hospital Saturday night in the Chapel of the Palms ambulance after being bitten by a black widow spider.

Laird, enroute to San Jose to visit relatives, was sleeping under a bridge near Newark when he felt something on his forehead. He knocked it off and discovered it was a spider. He was given first aid by a Centerville doctor, who sent him to Fairmont.

Patrons On Rural Routes Requested To Clean Up Boxes

Rural mail box clean up week is being observed in Washington Township in cooperation with Postmaster Edward Enos who has received material from the Postmaster General in Washington regarding this project.

All patrons of rural mail boxes are asked to clean up and improve their boxes and carriers are being asked to cooperate and report same.

Unserviceable and unsightly rural mail boxes both retard the delivery of mail and detract from the natural scenic beauty of the highway. Particularly to be deplored are the nonregulation, old type, top-opening boxes, as well as makeshift receptacles which expose mail to the elements.

It is the desire of the department not only to correct the above mentioned unsatisfactory situation but to encourage all rural mail patrons generally to possess pride in their boxes, both in the manner of erection, neat stenciling and tidy appearance.

Police District At Centerville Becomes Active Proposition

CENTERVILLE—Definite steps have been taken in Centerville to establish a police district, following difficulty in satisfactory financing of the night watchman's office. If this district is established it will be the only one in an unincorporated community, so far as is known.

The move is being sponsored by the Lions Club committee headed by Joe Adams. Erle Hygelund is drawing up a map, setting the tentative boundaries of the proposed district as follows:

To Machado's Corners on the Alvarado Road, to Santos Road on the Centerville-Irvington highway, to the lane beyond the Gould home on Fremont ave., beyond the Booth cannery on the southwest.

A petition will have to be presented to the Alameda County Board of Supervisors and if granted, a special election will be called.

DISPLAYS AMAZING MEMORY FEAT FOR LIONS CLUB MEMBERS

CENTERVILLE—Demonstration of an almost supernatural memory was given by Elmer Bonstein, vice president of the Pacific National Fire Insurance Company of San Francisco, at last Tuesday night's dinner meeting of the Lions Club.

Bonstein said the ability to remember names, places, faces and facts, was an acquired one and that he had practiced various memory feats as a hobby after taking a memory course. After meeting members of the club individually prior to the meeting, he was able to call each by name, spell the name and give the person's business. He did several other stunts showing an unusual memory ability. He was the guest of Loren Marriott, president.

Plans were made for a local delegation to attend the Golden Gate Council of Lions at Hayward Wednesday night.

Reports were given on the theatre project and on the proposed police district.

IRVINGTON—Pamphlets setting forth the advantages of a new school for Irvington are being distributed this week by the Junior Chamber of Commerce, according to J. R. Silveria, president. Action regarding this matter was taken at Monday night's meeting following talks by County Superintendent Edgar Muller, his assistant, A. Seidel and Jack Prouty, new principal of the local grammar school.

Highlights of the pamphlet giving reasons of why Irvington taxpayers should vote for the \$52,000 bond issue on Saturday are as follows:

The old school has been condemned, the new will be earthquake proof; the playground will be increased because of L-shape of new building; rooms will be better lighted; toilets will be more sanitary; the new school will provide the community with a gymnasium where the children may take physical education and the adult public find quarters for community gatherings.

The new school will provide showers for the students and a meeting place for Campfire Girls and Boy Scouts. The auditorium will enable the school to have a well-rounded, musical program, development of dramatics, school assemblies, visual education, more frequent school entertainments, save the expense of transporting children and hiring the high school auditorium.

The new auditorium, the pamphlet states, will enable members of the community to get together more frequently and to enjoy a recreational program to be planned for adults of the community and to furnish a place for enjoying outside lectures and entertainers.

The pamphlet points out that the tax rate will be less for 1938-39 than for 1937-38. A man owning a \$2,000 property will pay in taxes for the new school about \$1.30. The \$52,000 bonds profitably will be paid on a 20 year basis at an interest rate of about 3%. It is understood that it will cost as much to repair the present building, to the point that it will be o. k'd by the state, as to build a new school.

CONQUEST

The Hawaii Clipper will no longer wing its way over more than one-third of the earth's circumference, linking California with China's coast, but the new sky routes its sister ships pioneered will remain.

The new caravan routes of the sky spanning the Pacific are only in their infancy.

The records held by the clippers in this trans-oceanic service is one of the best proofs we have that tomorrow will bring even greater development on these skyways. Till the hour when the Hawaii Clipper sent out its last "All's well" message, to vanish one minute later, the fleet-winged ships had flown 2,000,000 miles in regular scheduled operations without a mishap!

The loss of the Hawaii Clipper and her passengers and crew is a tragic milestone in the history of trans-Pacific aviation, but it is no epitaph. Man's conquest of space has only begun.

Miss Sullivan Weds Richard Silva At Church Ceremony

NILES—Another of a series of lovely summer weddings which have taken place in Niles this season was that of Miss Katherine Dolores Sullivan and Richard Donald Silva of Niles at the Corpus Christi Church last Sunday night at seven o'clock with Father Francis McCarthy officiating.

The nuptial music was furnished by Mrs. Marguerite Crane organist, and Mrs. Rose Vieux, soloist, who sang Ave Maria.

A reception at the home of the bride's mother followed the wedding, after which the couple left for a honeymoon to be spent in the South. Upon their return, they will reside in the Nelson Apartments on Second Street. The bride has been clerk in the Niles post office for several years and the groom is employed with the Dunbarton Bridge Company. They both graduated from the Washington Union High School in 1930.

The bride is the daughter of Mrs. Cornelius Sullivan and the groom is the son of Mrs. Francis Silva of Niles.

Attendants at the wedding were Mrs. Raymond Harvey Jolliff, sister of the bride, who served as matron of honor; Misses Kathryn and Marcella Bliss, bridesmaids; Clarence Edward Freitas, best man and Jack Cahill and Norbert Duarte, ushers.

The bride wore a gown of white tulle made with a tight bodice and full skirt. The sleeves were long and the neck cut in a V. Her fingertip veil was caught with a coronet of lilies of the valley and her flowers were a shower of gardenias and bouvardia.

The matron of honor wore peach tulle and carried Transvaal daisies of matching color. The bridesmaids wore white embroidered organdie and carried old-fashioned bouquets of white daisies.
